

SPECIALIST & TAIL LIFT MAINTENANCE

Keltruck's Specialist Division offers service and maintenance for all makes of tail lifts, double deck trailers, de-mount bodies, de-mount equipment, VBG couplings, roller shutters and supporting equipment.

Amongst others we are agents for Anteo, Del, Dhollandia, RSG and Zepro as well as sub-agents for Ratcliff and Ross & Bonnymann.

A WIDE RANGE OF SPECIALIST EQUIPMENT

As well as catering for tail lifts, we also have the facilities available to maintain double decks, de-mount bodies, de-mount equipment, VBG couplings, roller shutter doors and the ability to repair and refurbish curtains. We always aim to ensure that we can offer a total one-stop-shop facility to our customers for the maintenance of both their tail lifts and associated equipment.

Customer focus is at the forefront of our philosophy and we are always keen to work with customers to offer bespoke solutions that best suit their individual requirements. We invest heavily in training to ensure that all of our staff have both the knowledge and the skills to meet the high standards we set ourselves.

We also offer full repair and maintenance contracts for tail lift maintenance to offer further peace of mind for our customers. We provide a 24 hour breakdown service, 365 days a year.

MOBILE WORKSHOPS – WE'LL COME TO YOU!

We have a fleet of mobile workshops and are able to carry out on-site repairs at our Burton on Trent, Nottingham, Sutton in Ashfield and Willenhall depots, as well as responding to breakdowns in our area.

All our engineers have attended manufacturers' training courses and have facilities for weight testing both on site and mobile.

We also carry a comprehensive stock of trailer and tail lift parts at all our depots.
