

JOB PROFILE

Heavy Goods Vehicle Dismantler / Chargehand

Reporting to Depot Manager, the post holder will be responsible for the smooth daily operation of the dismantling area within the Recycling department along with the supervision a small team of recycling operatives.

Working Monday to Friday and possible Saturday mornings (paid at the applicable overtime rate) the post holder will be expected to show a reasonable degree of flexibility of working hours to cover holiday and sickness when required. This role would ideally be suitable for a Commercial Vehicle Technician that wanted to move away from the day to day inspection, service and repair of vehicles.

Particular areas of responsibility include: -

General

- Supervision of the dismantling area and operations
- The dismantling of Heavy Goods (Commercial) Vehicles HGV
- The dismantling of commercial vehicle engines and transmissions
- Cleaning and inspection of removed vehicle components
- Labelling and safe storage of removed vehicle components
- General warehouse duties including order picking
- Separation and organisation of scrap into correct disposal routes
- General driving duties and delivery of parts
- Use of manual handling equipment
(Such as FLT, JCB Telehandler & Order Picker - training will be provided if required)
- Assisting in the preparation of our world wide export business
- The post is based at our West Bromwich head office site
(You may be requested to work at other locations if required)
- This list is not exhaustive and the post holder may be expected to attend to any other duties that may be considered reasonable and within the post holder's remit

Candidates should be able to demonstrate: -

- ✓ A good working knowledge of the Health, Safety & Environmental requirements when working with Heavy Goods Vehicles (HGV)
- ✓ A sound mechanical knowledge, preferably from a HGV background
- ✓ The ability to work as a team player in a busy department
- ✓ Ability to work on their own initiative and complete tasks within a given timeframe

Particular experience / skills that will be regarded as ideal are: -

- ✓ Previous Scania technical experience
- ✓ Knowledge of the recycling (end of life) industry
- ✓ A current clean driving licence, a HGV license would be an advantage
- ✓ Previous experience of manual handling equipment use
- ✓ NEBOSH, WAMITAB & SEMA qualification would be an advantage
